

### Bug 1:

**Title:** User not able to see any error message for incorrect email and password

### System and Environment details:

**URL :** my.lendico.de

**Environment :** Production

**Browser version:** Chrome: v80.0

**OS:** Mac mojave

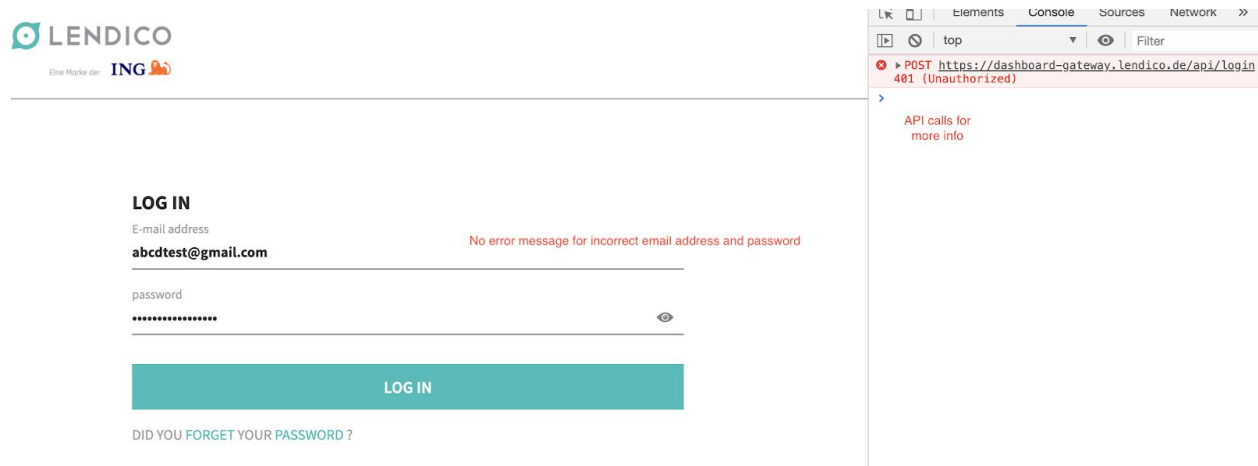

### Step to reproduce the bug:

- 1.Open URL : my.lendico.de
- 2.Enter wrong email address "abcdtest@gmail.com"
- 3.Enter wrong password : asQ7237hjk@
- 4.Click on login

**Expected :**User is not able to login into the application and see the proper error message

**Actual :** User is not able to login into the application, But no proper error message to the user. So user is confused why it's not logging in.

Please refer to the screenshot for more info.

### Suggestion 1:

**Title:** Visibility of load request info isn't visible clearly.

**URL :** antrag.lendico.de

**Environment :** Production

**Browser version:** Chrome: v80.0

**OS:** Mac mojave

**Step to reproduce:** On landing page ,Please enter amount , duration and click on continue. Then the loan request section doesn't clearly visible all required data.

1. Interest % symbol is not visible.
2. All required data mix with the background color.

Please refer the screenshot below:

The screenshot shows a loan request form on the Lendico website. The form is overlaid on a background image of a man wearing a headset. The form contains the following fields:

Betrag	EUR 300.000	Zinssatz	2.8 %
Monatliche Rate	EUR 6.614	Laufzeit	4 Jahre

Annotations on the screenshot:

- A red box highlights the interest rate field, with a note: "% symbol is not visible properly".
- A red box highlights the entire form area, with a note: "Whole section is not visible properly".

Below the form, there is a link: [ANFRAGE ÄNDERN](#). To the right of the form, there is a disclaimer: "Diese unverbindliche Berechnung ist inklusive aller Gebühren und Zinsen in der besten Risikoklasse - es gibt keine versteckten Kosten."

Suggestion: We can make it more clear and highlight the info in this section as these info are very important to the customer.

### Suggestion 2: (Minor suggestion)

**Title:** Alignment issue on login page

**URL:** my.lendico.de

**Environment :** Production

**Browser version:** Chrome: v80.0

**OS:** Mac mojave

Suggestion: Email , Password and login button looks very large. We could decrease the size and place in the center of the page

The screenshot shows the login page of the Lendico website. The form is titled "LOG IN" and contains the following fields:

- E-mail address:
- password:

Annotations on the screenshot:

- A red box highlights the email and password fields, with a note: "Very long email and password field".
- A red box highlights the "LOG IN" button, with a note: "Very long login button".

Below the login button, there is a link: [DID YOU FORGET YOUR PASSWORD ?](#)
